

A Vision for Operating Video Gaming Terminals in Indiana

Three Licensed Participants for a Secure System

MANUFACTURERS

Licensed producers and sellers of the gaming machines.

OPERATORS

Purchase games from manufacturers, operate and service equipment including essential software upgrades. The Operator is responsible for all reporting and compliance.

LOCATIONS

Bars, taverns, and service organizations with a three-way liquor license. May also be allowed in truck stops that meet a minimum diesel requirement.

An entity can only hold one license.

Limited Footprint

- Establishments must have 3-way liquor license (or truck stops with a minimum diesel sales)
- Limit machines per location

Responsible Gambling

- Must be 21+ to play
- Games in a restricted area
- Max wager = \$2
- Max payout \$599
- 95% or higher machine payout

Safe Locations

- Ticket system with redemption machine means locations are not handling cash
- Regular software updates and machine servicing by Operators

Revenue Sharing

- Profit split between state/local tax (30%), Operators (35%) and Location (35%)
- Operators responsible for all up front investments and maintenance costs.
